

PUBLIC LEDGER

WEEKLY REPUBLICAN—1867.
DAILY PUBLIC LEDGER—1868.

MAYSVILLE, KY. TUESDAY, MAY 19, 1908.

ONE COPY—ONE CENT.

VERY SOON NOW.
He's very near
He's nearly here
To put us in a stew—
The man who grins
And then begins
"Is it hot enough for you?"

Mr. E. S. Cloninger sends THE LEDGER a "souvenir" of the recent terrible hotel fire at Fort Wayne, Ind.

George W. Bain will lecture at the Christian Church, Germantown, Ky., Saturday evening, May 23d. Subject: "Among the Masses, or Traits of Character." Admission 25 cents.

R. B. Lovel, the leading grocer, has THE PUBLIC LEDGER's thanks for a liberal supply of home-grown strawberries fresh from the fragrant beds of Lewis county. They were fine.

Linwood, little son of Rev. and Mrs. P. A. Cave, accompanied several companions to the river Sunday afternoon and while playing in a skiff at the foot of Market street, fell overboard and would have drowned had he not been rescued by a colored boy who was nearby.

LETTER TO THE PUBLIC

When You Want

COAL!

You want to buy the high-grade Kanawha Coal or the famous Ohio Coal, Charter Oak; they are the best.

You will find our yard headquarters for all kinds Portland and Black Diamond Cements, Acme, Agitator and Ivory Hard Wall Plasters, Brick, Sand, Lime and Lath. Prices lower than anywhere. Write for prices.

MAYSVILLE COAL CO.
PHONE 142.

**All matter for publication must be handed in before 9 o'clock a.m.

You're Evidently Taking Your Time

About purchasing that Carriage, but we cannot blame you for going slow in the matter. It is your privilege to make comparisons, get prices and take the best the city offers for the least money. All we ask is that you consider us in the transaction. We have every style of vehicle that this locality demands, representing the best work of the best factories, and a range of prices elastic enough to fit the present condition of your finances. We don't want your patronage unless we can prove ourselves worthy of it. Just give us a show.

Beginning today we are going to make a run on RUNABOUTS. You can get a good, up-to-date Runabout CHEAP, provided you hurry.

MIKE BROWN
THE SQUARE DEAL MAN.

If you have an item of news, please call up The Ledger, Telephone 33, and let us have it.

The venerable Mrs. Jane Morris of Forest avenue was able to spend the day Monday with Mr. and Mrs. I. M. Lane of East Second street.

Mr. Bruce Henderson has bought of Mr. Jacob Cabilish a frame dwelling on the North side of Commerce street, now occupied by Mr. L. M. McCarthey, and will take possession June 1st.

The Maysville Athletes went to Augusta Saturday, where they played the Augusta Athletes an interesting game of ball, the score being 5 to 1 in favor of the Maysville boys.

KICKERS' CORNER

If any one at any time for any reason has any cause to "kick" in any way at anything of any kind, here's the place to say his say. The door is open—walk right in and help yourself, free gratis and for nothing;—but don't make your "kicks" too long—it's the short, quick follows that count—and cut.

The name of the kicker must accompany the kick, or it'll be kicked into the waste-basket.

The citizens of West Front street are up in arms, and have filed a petition before the Mayor and Council to abate the old "Bradley Barracks," corner of Grave alley and Front, as a nuisance. They have just had some objectionable characters put out of the premises, but the owner or agent threatens to fill it again with a worse lot. Criminal proceedings will be commenced against the agent and owner unless the Police can give some relief. The attention of the Board of Health is again called to the sanitary condition of these premises. It is a shame to allow such a nuisance in a respectable neighborhood.

BROOKSVILLE CONVENTION

Maysville to Be Meeting Place Next Year of Christian Churches

The Twelfth District Convention of the Christian Churches, Bible Schools and Christian Woman's Board of Missions was held last week at Brooksville, there being a large attendance, and a splendid meeting was the result.

The counties composing the District are Bracken, Fleming, Lewis, Mason and Robertson, and encouraging reports were made of the progress of the several branches of the work in each county.

Among the items of interest reported by the Secretaries in Sunday-school work were—Number of schools in District, 67. Enrollment, 2,544.

Average attendance, 1,705.

Number of classes, 218.

Additions to Church from schools, 192.

Average offering, \$21.68.

Home Missions, \$225.53.

State Work, \$130.07.

Foreign Missions, \$400.08.

Other purposes, \$335.83.

In these statistics Mason county schools have a very creditable report.

In Mayaville the enrollment is 141; average attendance 104; average offering \$2.72; Home Missions, \$125.07; Foreign Missions \$100; amount of money for other purposes \$75, making a total of \$300.07.

In Dover, \$35.50 was raised for all purposes—Foreign Missions, \$28 and \$7.50 general collection. The school has an enrollment of 103, with an average attendance of 71 and average offering of \$1.28.

MASONIC TEMPLE BUILDING

In Sunday-school work the following officers were elected for the ensuing year—

President—J. T. Sharrard, Flemingsburg.

Vice-President—J. W. Ligon, Augusta.

Secretary—Miss Lucy Wilson, Maysville.

Statistician—Miss Etheline Smith, Dover.

Maysville was selected as the place of meeting for the District in May, 1909.

The Ladies' Aid Society of the Central Presbyterian Church will give a strawberry and ice cream supper at the residence of Mr. C. W. Darnall in East Second street on Friday evening, May 22d, from 6 to 11 o'clock.

At Newport, Saturday, Charles Wormald sued Lena Wormald for a divorce. They were married in Cincinnati in 1905. He is a barber, and charges that she refused to accompany him to Charleston, W. Va., when he had a good position offered to him in 1905; that he went there and worked for two months, and when he returned she refused to live with him.

The Kentucky Educational Association will meet June 16th, 17th and 18th at Frankfort. The sessions are to be held in the new Capitol building, and will be the first meetings of any kind of a public body held in the new structure.

A few evenings since just after a C. and O. passenger train passed Quincy an unknown person hurled a rock through one of the windows. It went crashing through the opposite side of the car and barely hit Congressman J. B. Bennett of Greenup and a woman passenger.

The removal of the canteen has offered to idle, unscrupulous people near reservations an opportunity to make money by furnishing to soldiers poor beer in unlimited quantities and in the lowest surroundings. On the face it is easy to see that the condition is not a desirable one. There is no one with authority to insist upon the amount or kind of liquor sold, and the element engaging in the business now is a most deplorable association for the enlisted men. General J. Franklin Bell, Chief of Staff of the Army.

THE WEATHER CLERK AT LAST SUGGESTS LIGHT-WEIGHT CLOTHING!

You surely cannot help be suited in our offerings. Beautiful Outing Coat and Pants, with two and three-button Coats that come in soft-toned stripes, shadow stripes, browns, blues and gray stone worsted and cheviots. Two and three-piece Blue Serge Suits are still very popular. Elegant Double-Breasted finest Serge Coats, a pair of our light-colored Flannel or Bassimere Peg Top Pants and a pair of our Tan Shoes and one of our Yacht or Panama Hats to top off will produce a dressy and pleasing effect. Soft Negligee Shirt time is here. No house in the State shows as large a variety as we do; prices, \$1 to \$2.50. Our best are the Manhattan and Earl & Wilson. At leisure moments come in and let us show them to you. We have just received a consignment of the Lewis Nainsook Union Suits. They are the only properly constructed Nainsook Union Suits on the market. We call special attention to this Underwear, as none of it has ever been shown in Maysville. Price, \$1 a suit.

A RECENT German estimate of the world's railroads give them a total of 563,771 miles. The increase is less than for six years.

THE Philadelphia Record says it will note with interest whether Ohio and Indiana authorities shall be able to deal with the night riding criminal conspiracy any more effectively than has been done in Kentucky. If they don't, God pity them. The Record adds: "For Cuba and Santo Domingos the night raids that are tolerated in Kentucky, with their destruction of property and assaults on persons, would be regarded as infallible signs of the unfitness of their inhabitants for self-government."

Mr. and Mrs. L. M. McCarthey will shortly take up their residence in the I. M. Lane residence in West Second street.

Our Liquid Missionary

There are two kinds of soda water—Chenoweth's and others.

You've not dealt fairly by yourself if you haven't tried ours.

We make profit-sharing soda; most of the profit goes to you in soda that has been made better by lavish expenditure for materials. Our profit comes from the trade of those who get their first hint of the excellence of our store through superiority of our Soda.

Traxel's Ice Cream

PURE AND DELICIOUS!

We are now ready to deliver Pure, Delicious Ice Cream. The manufacturer who has a principle, and who through long years of experience has lived up to it by maintaining the quality of his product or improving it, and by careful, painstaking dealings with his customers makes a name. It is his greatest asset. It is the greatest sales factor he possesses. Naturally, he guards it; guards it jealously. We believe we have made a name in the manufacture of Ice Cream and Ices; and to our old customers and those familiar with Pure, Delicious, Dainty Ices we think Traxel's is all that need be said. But to those who are not familiar with our products—and to those we especially appeal—the following may not be amiss:

We have been making Ice Cream many years.

We are Specialists in Ice Cream and Candy.

We know what is best and how to produce it.

We have the equipment to produce it with.

Our prices will interest you, we are sure.

THE State Federation of Woman's Clubs has raised a fund of nearly \$3,000, which will be expended for school betterment.

THE West Virginia "medical doctors," at their recent convention at Clarksburg, passed a resolution denouncing the use of whisky in the profession.

MR. THOMPSON, Canadian member of Parliament for Yukon, declared that within five years the Klondike gold output will reach \$20,000,000 a year.

THE bill creating an Educational Commission provided for one member to be a woman selected by the State Federation of Woman's Clubs. Dr. SPENCER, Dean of Woman's Department of the Eastern Kentucky State Normal School, received the appointment.

THERE has long been a false distinction between the ornamental and the useful. From the standpoint of the higher man the ornamental is the useful. Utilitarianism is all right if placed on the proper plane. The query should be, What is most useful to the soul, to the real and permanent self that does not live by bread alone, but by love and beauty? The higher ideals can be made the most useful because they teach serenity and harmony, and, with the latter, life is made a sweet song instead of a dirge, which it is to the many of us.

THE chief burgess of Souderton writes that the reasons for contracting for current were the high cost of operating the plant, trouble with engineers and superintendent and the fact that the plant was too small for the load. Only a year ago the plant was enlarged, but evidently without sufficient foresight. The change was heartily endorsed by the citizens, one of whom said that the chief trouble was that "everybody in power wanted to monkey with the plant."

Only a year ago the plant was enlarged, but evidently without sufficient foresight. The change was heartily endorsed by the citizens, one of whom said that the chief trouble was that "everybody in power wanted to monkey with the plant."

The chief burgess of Souderton writes that the reasons for contracting for current were the high cost of operating the plant, trouble with engineers and superintendent and the fact that the plant was too small for the load. Only a year ago the plant was enlarged, but evidently without sufficient foresight. The change was heartily endorsed by the citizens, one of whom said that the chief trouble was that "everybody in power wanted to monkey with the plant."

It is useless for you to attempt to clean up that last year's suit. Why should you, anyway? Just come here and let us fit you in one that will please you so much that the few dollars you spend for it will never be missed.

There will be a meeting of the Indiana branch of the National Rivers and Harbors Congress held at Madison tomorrow to encourage the improvement of the river at that point.

En route down, the Coal City sank one coal-boat and three barges of coal just after she left the Pittsburgh harbor. Diggers were sent to the point of the mishap to try to save some of the coal.

The Lee Line steamer Georgia Lee, in command of Captain Miller, made a landing at Cromley a few days ago. This is the first time that a boat the size of the Georgia Lee has ever made a landing at Cromley, and rivermen consider this to be an extraordinary feat.

Captain Gordon C. Greene, Manager of the Greene Line steamers, has purchased the wharfboat at North Landing, Ind., and will send her to Gallipolis, Ohio, to take the place of the wharfboat that was sold to Captain Syma. The new wharfboat is much larger than the old one.

The Sundry Civil Bill, which passed the United States Senate a day or so since, carried \$20,000 for improvements on the Kentucky river by the connecting of Locks and Dams Nos. 12 and 13; for continuing improvements on the Big Sandy by building Dam No. 1 on Levisa Fork, and Dam No. 2 on Tug Fork, \$85,000.

BALTIMORE, May 18th.—At the Methodist Episcopal General Conference a resolution was adopted inviting the Methodist Protestant Church to reunite in the organized fellowship.

Coroner Dresel Examining Witnesses at the Courthouse

The entire day was consumed yesterday by Coroner Dresel in the examination of witnesses in the mystery surrounding the death of young Leslie Downing. So far twelve witnesses have been examined and fourteen more were summoned last evening for appearance this morning.

The investigation was resumed this morning, and in order to accommodate the large attendance the proceedings are being conducted in the Courthouse.

Further than a well defined opinion that the man was murdered, there has nothing definite been developed so far in the examination.

FOUR GRADUATES

Maysville High School Preparing For Commencement in June

The Commencement of the Maysville High School will occur on the evening of Wednesday, June 10th, at Washington Opera-house, when a class of four will be graduated—Misses Edith Easton, Alberta Wedding and Irene Hughes, and Mr. Roy Porter.

The usual class exercises of essays and oration will be followed by an address by Dr. J. C. Willis, President of the University of Louisville.

The Maysville High School stands very high in the rank of educational institutions and its Commencements are always looked forward to with a great deal of pleasure.

WILLSON JOLLIES BRYAN

Kentucky Executive Thanks "Peerless Statesman" For Winning the Governorship

A Washington news-letter says—

At the Conference of States' Executives Governor Wilson had several very friendly talks with Mr. Bryan, who was a special guest of the President. The Governor says he could not refrain from jesting with the Nebraskan over the results of the latter's visit to Kentucky last fall. Feeling a sense of appreciation for Mr. Bryan's assistance in the campaign, he invited the latter to make his house his home in Frankfort and the invitation was accepted by Mr. Bryan.

In connection with the result of last fall's election in Kentucky the great Commoner told a good story on himself. It seemed that a couple of years ago he was determined to defeat a Republican aspirant for the office of Governor of Nebraska.

"I went over the State and made fifty speeches for the Democratic nominee," said Mr. Bryan, "and do you know the Republican was elected by 26,000 majority."

"That's better than you did for me," rejoined Governor Wilson, "but I don't cherish any hard feelings over it."

PLEASED WITH CONFERENCE.

Governor Wilson is highly pleased and enthusiastic over the result of the conference. Through him Kentucky played a prominent part in the inter-State deliberations and through him the Commonwealth is destined to play still more important roles at future conferences of the Executives.

"During the early part of the conference I avoided taking any prominent part in it," he said, "but on the last day there was a good deal of feeling and I had helped start and keep up the friendly and cordial spirit of the occasion, and I was appointed on a committee to consider the advisability of making the conference an annual institution."

Rear Admiral Joseph N. Hemphill, commanding the American squadron now visiting Yokohama, was received in audience by the Emperor of Japan. The Admiral is a Ripley man.

EDUCATIONAL STATISTICS

The Sum of \$500,000,000 Expended in the United States Annually For Education

Dr. Elmer E. Brown, United States Commissioner of Education, makes the statement that \$500,000,000 was spent on American education in 1906, and more than three-fourths of that vast amount was spent on the common schools. His figures in detail are—

Common schools	\$307,765,659
Private elementary and secondary schools.....	21,370,309
Universities, colleges and technological schools.....	44,783,326
Normal schools.....	6,748,924
Professional schools	3,000,000
Schools for the defective classes.....	7,639,508
Reform schools	5,381,183
Commercial schools.....	3,000,000

Total \$399,688,910

He believes that if the cost of all the other many forms of private and public education could be ascertained and added the total would reach \$500,000,000—"a sum far greater than the outlay for education by any country (or several countries combined) in the world, benefitting 19,193,513 pupils directly and 83,000,000 people directly and indirectly."

The 1905-06 school year enrollment was: Public schools and colleges, 16,783,564; private schools and colleges, 1,651,283; public special schools, 456,271; private special schools, 302,395. Total enrollment, 19,193,513.

According to these figures it appears that very nearly one-fourth the entire population of the United States is in the schools and colleges.

DOCTOR ADVISED USE OF CUTICURA

After Other Treatment Failed—Eczema in Raw Spot on Baby Boy's Face Lasted for Months—Cried with Pain when Washed.

ECZEMA WAS CURED AND HAS NEVER REAPPEARED

"Our baby boy broke out with eczema on his face when one month old. One place on the side of his face the size of a nickel was raw like beef-steak for three months, and he would cry out when I bathed the parts that were sore and broken out. I gave him three months' treatment from a good doctor, but at the end of that time the child was no better. Then my doctor recommended Cuticura. After using a cake of Cuticura Soap, a third of a box of Cuticura Ointment, and half a bottle of Cuticura Resolvent he was well and his face was as smooth as any baby's. He is now two years and a half old and no eczema has reappeared. I am still using the Cuticura Soap; I think it is the finest toilet soap I ever used. I keep my little girl's hair and face cleansed with it too. I am thankful for what Cuticura has done for us." Mrs. M. L. Harris, R. F. D. 1, Atton, Kan., May 14 and June 12, '07.

CAN'T BE SEPARATED.

Some Maysville People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers. You can't separate them.

And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

Mrs. Elmer Bridges, 206 West Third street, Maysville, Ky., says:

"I consider Doan's Kidney Pills an ideal kidney remedy and one that deserves the confidence of anyone afflicted with kidney trouble. I was subject to attacks of kidney complaint from childhood, and as I grew older the complaint became more severe. In my efforts to find relief I used remedy after remedy, but no benefit was obtained until I began taking Doan's Kidney Pills, procured at J. T. Wood & Son's Drugstore. They proved to be just what I needed, going directly to the cause of my trouble and entirely relieving me. I always keep a supply of Doan's Kidney Pills on hand, and a dose or two now and then serves to keep my kidneys in good condition."
